## **STRONGER to Review State Regulation of Hydraulic Fracturing**

OKLAHOMA CITY--(BUSINESS WIRE)--State Review of Oil & Natural Gas Environmental Regulations, Inc. (STRONGER), a non-profit organization whose Board is comprised of state, industry and public interest representatives, will be conducting a focused review of the hydraulic fracturing portions of the oil and gas regulatory program of the Oklahoma Corporation Commission against guidelines developed by STRONGER.

The review will be conducted by a stakeholder review team on October 19, 2010 beginning at 8 AM Central time in Room 560 of the Jim Thorpe Building at 2101 N. Lincoln Blvd., Oklahoma City, OK. A report containing the review team findings and recommendations will be developed and made available to interested parties. Additional information about STRONGER, the guidelines and reports of prior state reviews can be found at [www.strongerinc.org](http://www.strongerinc.org).
